TO THE

SURVIVING RELATIVES AND FRIENDS OF THE MARTYRED "DEAD" AT ANDERSONVILLE, GEORGIA.

This Record was originally copied for you because I feared that neither you nor the Government of the United States would ever otherwise learn the fate of your *loved ones* whom I saw daily dying before me. I could do nothing for them, but I resolved that I would at least try to let you sometime know when and how they died. This at last I am now able to do.

So many conflicting rumors have been in circulation in regard to these rolls and myself, that I deem it prudent to give a brief statement of my entire connection with this Death Register, and to show how and why it has been so long withheld from you.

On the seventh day of July, 1863, I was taken prisoner near Hagerstown, Md., and taken to Belle Island, Richmond, Va., via Staunton, where I remained five months. I then went to Smith's Tobacco Factory, Richmond, where I kept the account of supplies received from our Government, and issued to Federal prisoners of war. In the latter part of February, 1864, I was sent to Andersonville with a squad of four hundred other prisoners from Belle Isle, arriving there on the first day of March. I remained inside the stockade until the middle of May, when I was sent to the hospital. On the 15th of June I was paroled and detailed as a clerk in Surgeon J. H. White's office, to keep the daily record of deaths of all Federal prisoners of war. I also made monthly and quarterly abstracts of the deaths, the latter one was said to be for the Federal Government, which I have since learned was never received.

The appalling mortality was such that I suspected that it was the design of the Rebel Government to kill and maim our prisoners by exposure and starvation so that they would forever be totally unfit for military service, and that they withheld these facts. Accordingly, in the latter part of August, 1864, I began to secretly copy the entire list of our dead, which I succeeded in doing, and brought safely through the lines with me in March, 1865. Arriving at Camp Parole, at Annapolis, Md., I learned that I could not get a furlough on account of my term of service having expired some seven months before. I immediately wrote to the Secretary of War, asking for a furlough of thirty days, for the purpose of having my Death Register published for the relief of the many thousands anxious in regard to the fate of their dead. Before an answer could have returned, I received a furlough from the Commandant of the Camp. I then went to my home in Terryville, Connecticut, where I was taken sick the next day after my arrival, which confined me for three weeks. On the twelfth of April, I received a telegram from the War Department, requesting me to come immediately to Washington and bring my rolls, and if they were found acceptable, I should be suitably rewarded. I started the next day for Washington. Arriving there, I went to the War Department, and learned that the person (Col. Breck) with whom I was to make arrangements was absent at the Fort Sumter celebration. I left my rolls with the chief clerk for safe keeping. In a day or two Colonel Breck re-

turned, and he informed me that the Secretary of War had authorized him to pay me three hundred dollars (\$300) for the rolls. I told him I did not wish to sell the rolls, that they ought to be published for the benefit of the friends of the dead, for whom chiefly they had been copied. He told me if I went to publish them, the Government would reimburse them, that I could have until 9 o'clock the next morning to decide whether I would take the three hundred dollars or not. The rolls were then in his possession. I told him if I could have a clerkship in the department which he had described to me, three hundred dollars, and the rolls back again as soon as copied, I should consider it satisfactory. To this he agreed. He then informed me that it would be necessary for me to enlist in the General service in order to get the clerkship. To this I objected, but in no other way was it available, and I accepted. I was then mustered out of my original enlistment, and given permission to visit home, and return for duty by the first of June. While in New York in the latter part of May, I telegraphed to Colonel Breck, asking if my rolls were copied, to which I received a reply, "Not yet."

Soon after my arrival in Washington in June, I called on Colonel Breck, and asked the privilege of taking sheets of my rolls out after business hours, to copy and return them the next morning. He said he would have to ask General Townsend's consent. I again met him in a few days, he told me he had been unable to see General Townsend. I then wrote to Colonel Breck, asking if he did or did not intend to return my rolls, that I had promised that the rolls should be published for the benefit of the friends of the deceased. He returned my letter endorsed as follows: "I have fully explained the matter to General Townsend, and he says the rolls shall not be copied for any traffic whatever." I had never spoken of trafficking in them; I only wished to give them to the people for whom I had copied them at some personal risk. Nothing more was said in regard to the rolls until after my return from Andersonville in August.

Miss Clara Barton, of Washington, D. C., upon learning the condition of the Cemetery at Andersonville, and that the graves could be identified, had reported the facts to the Secretary of War, who ordered the necessary arrangements to be made for the marking of the graves. A party charged with this duty left Washington on the eighth day of July, consisting of Miss Clara Barton, Capt. J. M. Moore, myself, and forty-two letterers, painters, and clerks, arriving at Andersonville on the twenty-fifth of July.

Before leaving Washington it was found that the original Register, captured by Gen. Wilson, was deficient in one book containing about twenty-four hundred names, and my rolls were sent to supply this deficiency. The original was also found in many places blurred and imperfect, through want of care, and my rolls were frequently needed to aid this defect. They were therefore publicly and constantly in the hands of all who had occasion to consult them,

and so came into my hands in the course of duty. They had been copied at Washington, according to my agreement with Colonel Breck, and were mine, and lawfully in my possession. I proposed to retain and give them to you as soon as I could. I did not propose to injure any one, to do anything unlawful or improper with them, much less to traffic or speculate on the information they contained, but I did retain them. When the originals were needed in the Wirz trial at Washington, they and my copy were in my tent when the messenger arrived in Andersonville. He took the original and left my copy.

When we started home I placed these rolls, with my other property, in my trunk, and brought them to Washington. Upon my arrival I reported to Colonel Breck, at the War Department. He asked if I knew where my rolls were. I said "I have them; will you allow me to keep them, now you have them copied here."

He told me: "We might as well come to an understanding about these rolls. This is the last conversation we shall have about them; if you will pay back three hundred dollars you can keep the rolls otherwise you must return them." I asked him "If he did not agree to give them back when copied;" he said "Yes, but you were going to set yourself up in business by publishing them, and we do not consider ourselves held to our agreement." I told him "I had a right to publish them (if he called that setting myself up in business), and it was my duty to do so." I then turned to leave, intending to see Secretary Stanton. He said, "I infer that you do not intend to give up the rolls." I said "Not yet; I must go farther to see about them." He said, "You will go to the 'Old Capitol' if you do not give them up," and then sent for a guard and had me arrested. My room and trunk were searched, but the rolls could not be found. I was then put in the guard house for two days, and then transferred to the "Old Capitol Prison," and in a few days I was arraigned and tried by court martial on the following charges and specifications:

Charge I. Conduct prejudicial to good military discipline. II. Larceny. Specifications in this that private Dorence Atwater, of

the General Service of the United States Army, did seize and unlawfully take from the tent or quarters of Capt. J. M. Moore, assistant quartermaster U. S. army, certain property of the United States then and there in the proper charge and custody of the said Capt. J. M. Moore, to wit: a certain document, consisting of a list written upon about 21 sheets of paper, of Federal prisoners of war who had died at Andersonville, Georgia, the same having been prepared by said Atwater, while a prisoner of war at said Andersonville, and sold and disposed of by him to the United States, for the sum and price of three hundred dollars, and did appropriate and retain the said property to his own use. This at Andersonville, Georgia, on or about the 16th day of August, 1865.

I was convicted, and sentenced as follows: "To be dishonorably discharged from the United States Service, with loss of all pay and allowances now due; to pay a fine of three hundred dollars; to be confined at hard labor for the period of eighteen months, at such place as the Secretary of War may direct; to furnish to the War Department the property specified in the second specification as the property stolen from Capt. J. M. Moore, and stand committed at hard labor until the said fine is paid, and the said stolen property is furnished to the War Department."

On the 26th day of September I arrived at Auburn State Prison, New York, where I remained over two months at hard labor, when I was released under a general pardon of the President of the United States.

I reached New Haven, Ct., on the following day, and learned that the record had not yet been furnished you. I immediately set about preparing it for publication, and have arranged to have it printed and placed within your reach at the cost of the labor of printing and material, having no means by which to defray these expenses myself.

I regret that you have waited so long for information of so much interest to you.

DORENCE ATWATER.

REPORT

OF AN EXPEDITION TO ANDERSONVILLE, GEORGIA, JULY, 1865, FOR THE PURPOSE OF IDENTIFYING THE GRAVES AND ENCLOSING THE GROUNDS OF A CEMETERY CREATED THERE DURING THE OCCUPATION OF THAT PLACE AS A PRISON FOR UNION SOLDIERS IN REBEL HANDS.

To the People of the United States of America:

HAVING, by official invitation, been placed upon an expedition to Andersonville, for the purpose of identifying and marking the graves of the dead contained in those noted prison grounds, it is perhaps not improper that I make some report of the circumstances which induced the sending of such an expedition, its work, and the appearance, condition, and surroundings of that interesting spot, hallowed alike by the sufferings of the martyred dead, and the tears and prayers of those who mourn them.

During a search for the missing men of the United States Army, commenced in March, 1865, under the sanction of our late lamented President Lincoln, I formed the acquaintance of Dorence Atwater, of Connecticut, a member of the 2d New York cavalry, who had been a prisoner at Beale Isle and Andersonville 22 months, and charged by the rebel authorities with the duty of keeping the Death Register of the Union prisoners who died amid the nameless cruelties of the last-named prison.

By minute inquiry, I learned from Mr. Atwater the method adopted in the burial of the dead; and by carefully comparing his account with a draft which he had made of the grounds appropriated for this purpose by the prison authorities, I became convinced of the possibility of identifying the graves, simply by comparing the numbered post or board marking each man's position in the trench in which he was buried, with the corresponding number standing against his name upon the register kept by Mr. Atwater, which he informed me was then in the possession of the War Department.

Assured by the intelligence and frankness of my informant of the entire truthfulness of his statements, I decided to impart to the officers of the Government the information I had gained, and accordingly brought the subject to the attention of General Hoffman, Commissary General of prisoners, asking that a party or expedition be at once sent to Andersonville for the purpose of identifying and marking the graves, and enclosing the grounds; and that Dorence Atwater, with his register, accompany the same as the proper person to designate and identify. The subject appeared to have been not only unheard, but unthought of; and from the generally prevailing impression that no care had been taken in the burial of our prisoners, the idea seemed at first difficult to be entertained. But the same facts which had served to convince me, presented themselves favorably to the good understanding and kind heart of General Hoffman, who took immediate steps to lay the matter before the Hon. Secretary of War, upon whom, at his request, I called the following day, and learned from him that he had heard and approved my proposition, and decided to order an expedition, consisting of materials and men, under charge of some government officer, for the accomplishment of the objects set forth in my request, and invited me to accompany the expedition in person—which invitation I accepted.

Accordingly, on the 8th of July, the propeller Virginia, having on board fencing material, head-boards, the prison records, forty workmen, clerks and letterers, under command of Capt. James M. Moore, A. Q. M., Dorence Atwater and myself, left Washington for Andersonville, via Savannah, Georgia, arriving at the latter place July 12th. Having waited at Savannah seven days, and then resumed the journey by way of Augusta, Atlanta, and Macon, the entire party reached its destination in safety about noon on the 25th of July.

We found the prison grounds, stockade, hospital sheds, and the various minor structures, almost in the same condition in which they had been evacuated; and care is taken to leave these historic monuments undisturbed, so long as the elements will spare them.

There is not, and never was, any town or village at this place except what grew out of its military occupation. Anderson Station, on the railroad from Macon to Euflala, was selected as a depot for prisoners, probably on account of its remoteness and possible security, and the prison itself, with the buildings which sprang up around it, constituted all the re was of Andersonville.

The land around is broken and undulating, and at the time of the occupation was covered with forests, mostly of the long-leaved pine, common to the uplands of the South. The bases of the hills are lined with oozy springs, which unite to form little rivulets, one of which winds sluggishly through each of the intervening nar-by valleys.

The original enclosure of nineteen acres was made in the imbro-ken woods; and the timber was only removed as it was wanted for the necessities of the prison. The enclosure was made in January, 1864, and enlarged, during the summer, to 25½ acres—being a quadrangle of 1,295 by 865 feet. The greatest length is from north to south, the ground rising from the middle towards each end in rather a steep, rounded hill—the northern one being at once the highest and of the greatest extent. A small stream, rising from springs a little to the eastward, flows across it through a narrow valley filled with a compost washed down by the rains. The enclosing stockade is formed of pine logs, twenty feet in length, and about eight inches in diameter, sunk five feet in the ground, and placed close together. This is again surrounded by two successive, and precisely similar, palisades—a portion of the last of which is gone. It seems never to have been completed. The two inner walls remain entire. Within the interior space, at the distance of about seventeen feet from the stockade, runs the famous dead-line, marked by small posts set in the ground, and a slight strip of pine board nailed on the tops of them. The gates, of which there are two, situated on the west side, were continuations of the stockade, enclosing spaces of thirty feet square, more or less, with massive doors at either end. They were arranged and worked on the principle of canal locks. Upon the inner stockade were fifty-two sentry

boxes, raised above the tops of the palisades, and accessible to the guard by ladders. In these stood fifty-two guards, with loaded arms, so near that they could converse with each other. In addition to these, seven forts mounted with field artillery, commanded the fatal place and its masses of perishing men.

Under the most favorable circumstances, and best possible management, the supply of water would have been insufficient for half the number of persons who had to use it. The existing arrangements must have aggravated the evil to the utmost extent. The sole establishments for cooking and baking were placed on the bank of the stream immediately above, and between the two inner lines of palisades. The grease and refuse from them were found adhering to the banks at the time of our visit. The guards, to the number of about 1,000, were principally encamped on the upper part of the stream, and when the heavy rains washed down the hill sides, covered with 10,000 human beings, and the outlet below failed to discharge the load which backed and filled the valley, the water must have become so foul and loathsome, that every statement I have seen of its offensiveness must be considered as falling short of the reality. And yet, within rifle-shot of the prison, there flowed a stream a fifty feet wide and three feet deep, of pure, delicious water. Had the prison been placed so as to include a section of the "Sweet Water Creek," the inmates might have drunk and bathed to their content.

During the occupation, a beautiful spring broke out like the waters of Meribah from the solid ground, near the foot of the northern slope, just under the western dead line. It is still there—cool and clear—the only pleasing object in this horrid place.

The scarcity of water, the want of occupation, and perhaps the desire to escape by tunneling, impelled the prisoners to dig wells. Forty of these, finished and unfinished, remain. Those on the highest ground being sunk in the hard soil to the depth of eighty feet. The work was done with knives, spoons, sticks, and other tools but little better. The diggers brought up the earth in their buckets and blouses, and sprinkled it about the grounds to conceal the quantity. In some wells, excellent water was reached, and in others, horizontal galleries were attempted, for escape. In at least one instance, a tunnel was carried entirely through the hill, and a few prisoners are said to have got through.

The steep face of the northern hill is burrowed throughout its whole extent. The little caves are scooped out and arched in the form of ovens, floored, ceiled, and strengthened so far as the owners had means, with sticks and pieces of boards, and some of them are provided with fire-places and chimneys. It would seem that there were caves, during long rains, where the house would become the grave of its owner, by falling in upon him in the night. In these burrows are still found remnants of the wretched food, and rude utensils of the occupants—drinking cups made of sections of horns, plates and spoons wrought from parts of old canteens, kettles and pots made, without solder, from stray pieces of old tin or sheet iron. I brought away a considerable number of these articles, which may one day be of interest to the curious.

Five sheds stand on the top of the northern hill, erected in the early part of the occupation, and five more on the opposite height, built a short time before the evacuation.

Like nearly all southern land, the soil is liable to be washed away by the rains; and on the slopes of the hills, ravines are now formed, gullied to the depth of twelve feet. It seems impossible that men could have kept their footing on these hill-sides, when slippery with rain.

Outside of the enclosure, and nearly parallel with its south end, is the hospital stockade—800 feet by 250. It contains twenty-two sheds, for the most part without sides, erected about three months before the place was abandoned. The old hospital, occupied up to that time, in which so many brave men died, consisted only of tents enclosed by a board fence, and surrounded by a guard. Confused heaps of rubbish alone mark the place it occupied.

About half a mile from the main prison, and near Anderson Station, is the officers' stockade—a small enclosure, in which were never imprisoned more than 250 officers—and it was chiefly used for the confinement of rebel officers.

The cemetery, around which the chief interest must gather, is distant about 200 yards from the stockade in a northwesterly direction. The graves, placed side by side in close continuous rows, cover nine acres, divided into three unequal lots by two roads which intersect each other nearly at right angles. The fourth space is still unoccupied, except by a few graves of "Confederate" soldiers.

No human bodies were found exposed, and none were removed. The place was found in much better condition than had been anticipated, owing to the excellent measures taken by Major-General Wilson, commanding at Macon, and a humane public-spirited citizen of Fort Valley, Georgia—a Mr. Griffin, who, in passing on the railroad, was informed by one of the ever-faithful negroes, that the bodies were becoming exposed, and were rooted up by animals. Having verified this statement, he collected a few negroes, sank the exposed bodies, and covered them to a proper depth. He then reported the facts to General Wilson, and requested authority to take steps for protecting the grounds. That patriotic officer visited Andersonville in person, appointed Mr. Griffin temporary Superintendent, and gave him such limited facilities as could be furnished in that destitute country. It was determined to enclose a square of fifty acres; and, at the time of our arrival, the fence was nearly one-third built—from old lumber found about the place. He had also erected a brick kiln, and was manufacturing brick for drains to conduct the water away from the graves, and protect and strengthen the soil against the action of heavy rains. We found Mr. Griffin, with a force of about twenty negroes and a few mules, at work on the grounds. I have understood that that gentleman furnished the labor at his own cost, while General Wilson issued the necessary rations.

The part performed by our party was to take up and carry forward the work so well commenced. Additional force was obtained from the military commandant at Macon for completing the enclosure and erecting the head-board. It seems that the dead had been buried by Union prisoners, paroled from the stockade and hospital for that purpose. Successive trenches, capable of containing from 100 to 150 bodies each, thickly set with little posts or boards, with numbers in regular order carved upon them, told to the astonished and gear-dimmed eye the sad story of buried treasures. It was only necessary to compare the number upon each post or board with that which stands opposite the name on the register, and replace the whole with a more substantial, uniform and comely tablet, bearing not only the original number, but the name, company and regiment and date of death of the soldier who slept beneath.

I have been repeatedly assured by prisoners that great care was taken at the time by the men to whom fell the sad task of originally marking this astonishing number of graves, to perform the work with faithfulness and accuracy. If it shall prove that the work performed by those who followed, under circumstances so much more favorable, was executed with less faithfulness and accuracy than the former, it will be a subject of much regret—but fortunately not yet beyond the possibility of correction. The number of graves marked is 12,920. The original records, captured by General Wilson, furnished about 10,500; but as one book of the record had not been secured, over 2,000 names were supplied from a copy (of his own record) made by Mr. Atwater in the Andersonville prison, and brought by him to Annapolis on his return with the paroled prisoners.

Interspersed throughout this Death Register were 400 numbers against which stood only the dark word "unknown." So, scattered among the thickly designated graves, stand 400 tablets, bearing only the number and the touching inscription "Unknown Union Soldier."

Substantially, nothing was attempted beyond enclosing the grounds, identifying and marking the graves, placing some appropriate mottoes at the gates and along the spaces designed for walks, and erecting a flagstaff in the centre of the cemetery. The work was completed on the 17th of August, and the party took the route homeward by way of Chattanooga, Nashville, and Cincinnati, arriving at Washington on the morning of August 24th.

The health of the party during the expedition was remarkably good, when the season of the year, the fatigue, and the want of

customary accommodations are taken into consideration. Cases of slight chills and fevers were not infrequent; but, during the entire time, we had only one case of severe illness, and that, to our grief, terminated fatally. Edward Watts, of Georgetown, D. C., a clerk in the Q. M. Department in this city, sickened of typhoid fever during the passage up the Savannah river, and died on the 16th day of August. His remains were taken home to his friends. Mr. Watts was a young man of education and refinement, and of the highest type of moral and religious character; he suffered patiently, and died nobly and well. I have thought that he might be regarded as the last martyr of Andersonville.

The future of this historic spot cannot fail to constitute a subject of deep and abiding interest to the people of this entire country, and it would seem fitting that it should be preserved as one of the sanctuaries of the nation, and be in due time decorated with appropriate honors. Its susceptibility of internal improvement is very great. Water can be had for irrigation, and the climate will produce nearly all the flora of the temperate zones. Both national gratitude and personal affection will suggest the erection of a suitable monument within the cemetery, where, if desirable, may be preserved in durable form the names of the martyrs who sleep around. And as the land on which all these interesting associations are clustered, is still the property of private individuals, never having passed from the hands of the original owners, it would seem desirable that the cemetery at least, and its immediate surroundings, become the property of the nation. A mile square will embrace all points of general and historic interest.

There are numerous smaller burial-places in the State of Georgia which, from their seeming lesser importance, will scarcely be kept up as national cemeteries, and in reference to which, without venturing to suggest, I would merely remark, that the fifty acres enclosed at Andersonville would afford ample space for all whom it might ever be deemed advisable to remove to that point.

During the occupation of Andersonville as a prison, it was a punishable offence for a colored man or woman to feed, shelter, aid, or even converse with the prisoners on parole. To others they had no access. I have been informed that they were not allowed about the prison grounds; and so great was their superstitious horror of the cruelties perpetrated upon the prisoners that only a comparatively small number had ever found the courage to visit the cemetery up to the time of our arrival. But the presence of so many northern people on such an errand, and especially a lady, entirely overcame their fears, and they visited the cemetery and myself by scores, men, women, and children, sometimes a hundred in a day. It was no uncommon occurrence, upon opening my tent in the morning, to find a group standing in front of it, who had walked fifteen or twenty miles to see the "Yankee lady," and ask her "if it were true that Abraham Lincoln was dead, and they were free," and "how Massa Lincoln's great paper read," and "what they ought to do," and I tell her how the "poor Yankee prisoners" ran before the dogs, "like us," and they could not save them—starved, and they could not feed them—died, and they could not see them.

R member, mothers, that the pitying tear of the old-time slave, whom your son helped to freedom, is the only tear that falls upon his distant grave to-day.

I have endeavored to point out to you, as faithfully as I am able, the various objects of interest, painful or otherwise, which presented themselves to my observation during the time occupied in the work of the expedition; and while I would not dwell upon the terrible nature of the sufferings imposed upon our prisoners, nor stir the hearts already sunk in grief to deeper woe, still we owe it alike to the living and the dead, that a proper knowledge and a realization of the miseries which they endured be entertained by all. We are wont to attribute their chief suffering to insufficiency of food, and while this is probably just, still, to the mind of one who has looked over the scanty, shelterless, pitiful spot of earth to which they were confined, and taken into consideration the numberless trials which must have grown out of the privation of space and the necessary conveniences of life, the conviction will force itself that these latter woes fell but little short of the former. It is to be remembered

that during thirteen long months, they knew neither shelter nor protection from the changeable skies above, nor the pitiless, unfeeling earth beneath.

The treacherous nature of the soil, parching to seams in the sun, and gullying and sliding under their feet with every shower, must have augmented their ills almost beyond conception. I watched the effect of a heavy fall of rain upon the enclosed grounds, and in thirty minutes the entire hill-sides, which had constituted their sole abiding-place, were one rolling mass of slippery mud, and this the effect of a mere summer shower. What of the continued rains of autumn? Think of thirty thousand men penned by close stockade upon twenty-six acres of ground, from which every tree and shrub had been uprooted for fuel to cook their scanty food, huddled like cattle, without shelter or blanket, half-clad and hungry, with the dreary night setting in, after a day of autumn rain. The hill-tops would not hold them all, the valley was filled with the swollen brook; seventeen feet from the stockade ran the fatal deal-line, beyond which no man might step and live. What did they do? I need not ask where did they go, for on the face of the whole green earth there was no place but this for them; but where did they place themselves? how did they live? Ay! how did they die? But this is only one feature of their suffering; and perhaps the lightest. Of the long dazzling months when gaunt famine stalked at noon-day, and pestilence walked by night; and upon the scamed and parching earth the cooling rains fell not, I will not trust me to speak. I scarce dare think. If my heart were strong enough to draw the picture, there are thousands upon thousands all through our land too crushed and sore to look upon it. But after this, whenever any man who has lain a prisoner within the stockade of Andersonville, would tell you of his sufferings, how he fainted, scorched, drenched, hungered, sickened, was scolded, scourged, hunted and persecuted, though the tale be long and twice told, as you would have your own wrongs appreciated, your own woes pitied, your own cries for mercy heard, I charge you, listen and believe him. However definitely he may have spoken, know that he has not told you all. However strongly he may have outlined, or deeply he may have colored his picture, know that the reality calls for a better light, and a nearer view than your clouded, distant gaze will ever get. And your sympathies need not be confined to Andersonville, while similar horrors glared in the sunny light, and spotted the flower-girt garden fields of that whole desperate, misguided, and bewildered people. Wherever stretched the form of a Union prisoner, there rose the signal for cruelty and the cry of agony, and there, day by day, grew the skeleton graves of the nameless dead.

But, braving and enduring all this, some thousands have returned to you. And you will bear with me, and these noble men will pardon me, while, in conclusion, I speak one word of them.

The unparalleled severities of our four years' campaigns have told upon the constitutional strength even of the fortunate soldier, who alone marched to the music of the Union, and slept only beneath the folds of the flag for which he fought. But they whom sickle fortune left to crouch at the foot of the shadowless palmetto, and listen to the hissing of the serpent, drank still deeper of the unhealthful draught. These men bear with them the seeds of disease and death, sown in that fatal clime, and ripening for an early harvest. With occasional exceptions, they will prove to be short-lived and enfeebled men, and whether they ask it or not, will deserve at your hands no ordinary share of kindly consideration. The survivor of a rebel prison has endured and suffered what you never can, and what, I pray God, your children never may. With less of strength, and more of sad and bitter memories, he is with you now, to earn the food so long denied him. If he ask "leave to toil," give it him before it is too late; if he need kindness and encouragement, bestow them freely, while you may; if he seek charity at your hands, remember that "the poor you have always with you," but him you have not always, and withhold it not. If hereafter you find them making organized effort to provide for the widow and orphan of the Union prisoner, remember that it grows out of the heart sympathy which clusters around the memories of the comrades who perished

at their side, and a well-grounded apprehension for the future of their own, and aid them.

In conclusion, tremulously, lest I assume too much, let me hasten to commend to the grateful consideration of this noble, generous people, alike the soldier who has given his strength, the prisoner who has sacrificed his health, the widow who has offered up her husband, the orphan that knows only that its father went out to battle and comes no more forever, and the lonely, distant grave of the martyr, who sleeps alone in a stranger soil, that freedom and peace might come to ours.

One word of explanation, in conclusion, and I have done. You have long and justly felt that some report of this expedition, embracing a record of the graves identified and reclaimed, was due you. And three thousand letters addressed to me upon the subject, have

revealed only too plainly and painfully the bitter anxiety with which you have watched and waited.

A mere report, unaccompanied by the "record," seemed but a hollow mockery, which I would not impose upon you, and this is my first opportunity for such accompaniment. For the record of your dead, you are indebted to the forethought, courage, and perseverance of Dorence Atwater, a young man not yet twenty-one years of age; an orphan; four years a soldier; one tenth part of his whole life a prisoner, with broken health and ruined hopes, he seeks to present to your acceptance the sad gift he has in store for you; and, grateful for the opportunity, I hasten to place beside it this humble report, whose only merit is its truthfulness, and beg you to accept it in the spirit of kindness in which it is offered.

THE NEW YORK TRIBUNE

1866.

OUR most momentous, arduous struggle having resulted in the triumph of American Nationality, the utter discomfiture and overthrow of Secession and Slavery, THE TRIBUNE, profoundly rejoicing in this result, will labor to conserve the legitimate fruits of this grand, benignant victory, by rendering Liberty and Opportunity the common heritage of the whole American People now and evermore.

Discourteasing all unmanly exultation over or needless infliction of pain or privation on the upholders of the lost cause, it will insist on the earliest possible restoration of the Southern States to their former power and influence in our Union on the basis of All Rights for All their People.

It will labor in hope to prove that the substitution of Free for Slave Labor must inevitably and universally conduce to the increase of Industry, Thrift, Prosperity, and Wealth, so that the South, within the next ten years, must look back amazed on her long persistence in a practice so baleful as the chattelizing of Man.

It will labor for the diffusion of Common School Education, Manufactures, the Useful Arts, &c., &c., throughout every portion of our country, but especially throughout the sections hitherto devoid of them, believing that every good end will thereby be subserved and the interest of every useful and worthy class promoted.

It will urge the Protection of Home Industry by discriminating duties on Foreign Products imported, with a view to drawing hither the most capable and skillful artificers and artisans of Europe, and the naturalizing on our soil of many branches of production hitherto all but confined to the Old World, while it would strengthen and extend those which have already a foothold among us.

It will give careful attention to progress and improvement in Agriculture, doing its best at once to bring markets to the doors of our farmers, and teach them how to make the most of the opportunities thus afforded them.

It will devote constant attention to Markets, especially for Agricultural Products, with intent to save both producer and consumer from being victimized by the speculator and forestaller.

And, giving fair scope to Current Literature, to the proceedings of Congress, and to the general News of the Day, it hopes to retain its old patrons and attract many new to bear them company.

THE NEW YORK WEEKLY TRIBUNE

IS printed on a large double-medium sheet, making eight pages of six columns each. It contains all the important Editorials published in THE DAILY TRIBUNE, except those of merely local interest; also Literary and Scientific Intelligence; Reviews of the most interesting and important New Books; the Letters from our large corps of correspondents; the latest News received by Telegraph from Washington and all other parts of the country; a Summary of all important intelligence in this City and elsewhere; a Synopsis of the Proceedings of Congress and State Legislature when in session; the Foreign News received by every steamer; Exclusive Reports of the Proceedings of the Farmers' Club of the American Institute; Talks about Fruit, and other Horticultural and Agricultural information essential to country residents; Stock, Financial, Cattle, Dry Goods, and General Market Reports; making it, both for variety and completeness, altogether the most valuable, interesting, and instructive WEEKLY NEWSPAPER published in the World.

The Full Weekly Reports of the American Institute Farmers' Club, published in THE WEEKLY TRIBUNE, from which the INSTITUTE'S OFFICIAL REPORT IS MADE UP, would each year make two large volumes of over 500 pages each, if printed in book-form.

Stock-Growers will find in THE TRIBUNE a vast amount of profitable and interesting information.

Fruit-Growers will find the discussions of Fruit-Growers, published in THE WEEKLY TRIBUNE, of great value.

Wool-Growing is a prominent feature in the Agricultural Department of THE TRIBUNE.

TO ADVERTISERS.

Merchants, Manufacturers, Inventors, Real Estate Owners, Schools, and all others who Desire to reach Customers in all parts of the Country, as well as in the City, will find it to their interest to ADVERTISE in

THE NEW YORK TRIBUNE.

THE Circulation of THE TRIBUNE is larger than that of any other Newspaper, and it is read by the most enterprising, thrifty and industrious classes. Advertisements inserted in each of the editions of THE TRIBUNE, DAILY, SEMI-WEEKLY and WEEKLY, will be read by nearly a million of people, and no investment pays a business man so well as the money he spends in judicious advertising. The investigation by the Mayor and Comptroller of the City resulted in naming the DAILY TRIBUNE as being one of the two papers having the largest daily circulation, and its weekly edition is acknowledged to be far greater than that of any other Newspaper.

THE DAILY TRIBUNE is read by enterprising and intelligent business men and their families, and those who make known their wants through its columns will reach the very best classes of buyers.

OPINIONS OF ADVERTISERS.

BOSTON, Dec. 10, 1863.

Our experience in advertising in the WEEKLY TRIBUNE has satisfactorily proved to us that it is one of the best mediums for advertising in the country. We have often received what we know to be direct returns for it, and are only surprised that more do not avail themselves of your wide circulation.

Yours very truly,

WALKER, WISE & CO.,
Publishers and Booksellers.

New York, Dec. 11, 1863.

Several years of quite constant use of the book advertising columns of THE TRIBUNE has satisfied me that through no other paper can a larger class of intelligent buyers be addressed.

I have also found the WEEKLY, notwithstanding the apparent high rates charged for space, a most economical, as well as sure, means for reaching large numbers of energetic men, and securing their services as agents.

N. C. MILLER,
Publisher of Subscription Books,
New York.

Boston, Dec. 9, 1863.

We consider the WEEKLY TRIBUNE one of the best mediums for advertising our publications. Notwithstanding its seemingly high charges, its very large circulation renders it one of the cheapest and best means by which to reach the public.

OLIVER DITSON & CO.

EFFECT OF ADVERTISING IN "THE TRIBUNE."

"A word about advertising in THE TRIBUNE. When I lately offered in its columns my present home for sale, letters of inquiry began at once to pour in upon me, from North, South, East and West—a perfect deluge—and I would advise all who do not wish to spend most of their time answering letters, not to use THE TRIBUNE as an advertising medium, or if they do, to be a little more liberal than I was, and pay for a few more particulars. Had I done so, much time might have been saved. For instance, by merely saying my place was small, or specifying the number of acres, many who wrote letters would have been saved the trouble of writing, and I should have escaped a great many inquiries and saved trouble and expense. I would not, if to do again, spare words."

B. W. STEERE,
Adrian, Mich.

BROOKLYN, 26th Dec., 1865.

To the Publisher of THE NEW YORK TRIBUNE.

Dear Sir,—In November last, I wrote an article headed, "Ho, for Tennessee," which was a description of the Cumberland Table. It was published in the NEW YORK DAILY TRIBUNE of Nov. 25th, and again in the SEMI-WEEKLY issue of Nov. 25th. The object of the article was to call the attention of your readers to the advantages of that location, more particularly of men of small means, and those who were suffering from ill health, two classes which my benevolence led me to wish to benefit. I did not write that article because I had expected to have land for sale, but because I believed that many would thank me for the information thus communicated; yet, although I had no land for sale, I knew of those who had, at a moderate price, and perfect title, and was convinced that every man who bought it might be benefited thereby. Not feeling justified in withholding my information from the public, I prepared and inserted an advertisement in three of the leading newspapers in New York City, in which I promised to give definite information, concerning the Cumberland Table of Tennessee, to any person who should apply to me for it personally or by letter. That advertisement appeared several times in each of the journals alluded to, of which THE NEW YORK TRIBUNE was one. As a matter of justice to your own journal allow me to state the result: from the readers of each of the other two alluded to, I have had two applications; from readers of THE TRIBUNE I have had so many that I found it utterly impossible to write answers to them, even by devoting my time from early morning until midnight of each day, six days in the week, and that I might fulfill the promise made in my advertisement, was compelled to print nearly all that I desired to say to applicants; by which course, with unremitting industry on my part, I have been able to fulfill my promise. Applications come to me every day from readers of THE TRIBUNE, from Maine to Minnesota, inclusive, and the interest which has been excited does not seem to abate in the least degree.

If the NEW YORK TRIBUNE, viewed as an advertising medium, for such an object, has so great advantage over others, I think it but fair and just to yourself, and the public, that it should be made manifest; you are therefore at liberty to make any use of this communication which you think proper, as it is simply a statement of facts made voluntarily for the benefit of all concerned.

Yours very respectfully,

W. W. POWELL.
